Munich, 9th May 2019

To whom it may concern,

On behalf of the host committee and the European Association of Vertebrate Palaeontologists (EAVP), I hereby certify **Dr. Daniel DeMiguel** as **key note speaker** in the official opening ceremony of the **15th Annual Meeting of the European Association of Vertebrate Palaeontologists** on August 1st, with a talk on the ecology of macroevolution and key innovations in fossil ruminant mammals.

The congress took place from 1st – 3rd August 2017 at the Palaeontological Museum Munich, Germany, and was attended by more than 200 participants from 24 countries all over the world.

Sincerely,

Gertrud Rößner
